

Bar Lights Series

◆ MVL-L10020W-24

Specifications

Model	MVL-L10020W-24
Color	White
Output	24V/4.9W
Channels	1
Housing Size (Length)	115
Emitting Size (Diameter)	101
Recommended Controller	MVL-PS2-24V10W-2CH MVL-PS2-24V10W-4CH

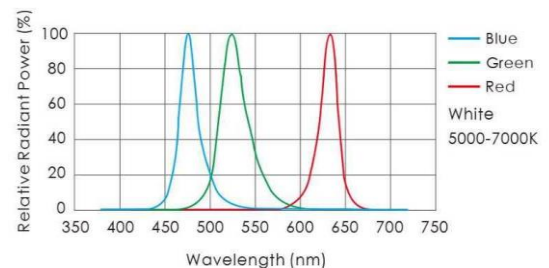

Product Features :

- ◆ Suitable for special illumination requirements; can be combined flexibly
- ◆ Adjustable mounting angle
- ◆ Available for different colors and customized size

Application Cases :

- ◆ Metal surface inspection
- ◆ Image scanning
- ◆ Surface crack detection
- ◆ LCD panel inspection

Customizable Items

◆ Controller

Specifications

Model	MVL-PS2-24V10W-2CH MVL-PS2-24V10W-4CH
Input voltage	100 - 240V AC 50/60Hz
Output voltage	14.0 - 24.0V (±0.2V)
Lighting mode	Continuous/strobe
Intensity control	Stepless
Triggering	Switch
Response time	≤80μs
Response frequency	≤1KHz
Channels	2

Dimensions(mm)

MVL-L10020W-24
